BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.
People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.
Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.
They do that which dangerous calomel does without any of the bad after effects.
All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.
Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.
Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color.
Take one or two every night for a week and note the effect. 18c and 25c per box. All druggists.
The Olive Tablet Company, Columbus, O.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. Wm. Green, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared the following statement concerning calcium (lime) medication in the treatment of pulmonary tuberculosis (consumption):

"Under the systematic, continued and persistent regime of calcium medication, Van Gieson has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then resolving would appear to contribute to the healing off and closing of the lesions. In hand with this course of events, the sputum clears up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alternative.

Since calcium is a constituent of this remedy for pulmonary tuberculosis and allied throat and bronchial affections, its healing power may in some measure be attributed to the manner in which this element is so combined with other ingredients as to be easily assimilated by the average person and it does not irritate the stomach.

Eckman's Alternative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is unable to ask him to order, or send direct to Eckman Laboratory, Philadelphia.

BRACKETT, SHAW & LUNT CO.

Somersworth, N. H. ("RELIANCE LINE") Boston, Mass.

N. Y., spent several days in town recently, when the personal property of the late Everett McDuffee was sold at auction.

Schools in the village closed Friday for a two weeks' vacation.

A good-sized audience was present at the Methodist church Sunday morning, when memorial services were held for the late Jennie P. Smith. Rev. F. A. Woodworth, the pastor, conducted the services. Fred Ellis spent the week-end in Marshfield, visiting relatives and friends. Miss Annie Blood was a recent visitor in Boston.

Rev. F. A. Woodworth is attending the Methodist annual conference, which is being held at Montpelier this week.

The senior class of Bradford academy presented "A Case of Suspicion," in Wood's hall Thursday evening to a large and appreciative audience. A fine musical program was rendered, after which promenade was engaged in for a short time. The entertainment netted the class the sum of \$28.

Blood the Seat of Disease

An eminent authority on nervous diseases has announced that the blood is the seat of all disease. How important, therefore, that it be kept in a pure, healthy condition. For this purpose, our local druggist, Floyd G. Russell, proprietor of the Red Cross Pharmacy, guarantees Vinol, because it is a combination of the three most successful tonics known, iron in its most soluble form, the medicinal extracts of fresh cod livers, without oil, and the nourishing properties of beef peptone. Can you imagine anything better?—Adv.
